

1. FISCAL DECENTRALISATION

Supporting the monitoring of reforms through capacity building and analytics:

- Continued analysis of the sub-national budget performance on the monthly, quarterly, semiannual and annual basis
- Analytical reports focusing on selected aspects of LSG budgets and expenditure
- Dissemination of the analytical materials and results of the monitoring
- Building of the capacity of relevant staff within Ministry of Communities and Territories Development, Ministry of Finance of Ukraine, as well as other relevant bodies, such as LSG associations, in the areas of data collection, analysis and evidence-based policy making

2. DECENTRALISATION IN THE FIELD OF EDUCATION ON NATIONAL AND REGIONAL LEVEL

- Support to leadership of the Ministry of Education and Science of Ukraine in mastering the allocation formula as the policy tool of the Ministry
- Support in building sustainable capacity in the team within the MES tasked with developing and amending the allocation formula
- Support to the Institute of Education Analytics to implement the relevant IT data tools
- Support to the MES to amend legislation (Law on Secondary Education, legislation regarding education statistics, legal acts regulating education management such as hub schools)
- Increase the capacities of hromadas to manage education function, education budgets and school networks, including in a gender-responsive way
- Support the emergence and deepening of the culture of horizontal and vertical cooperation and coordination in the field of education management

3. SUPPORT TO THE UKRAINIAN ASSOCIATION OF AMALGAMATED TERRITORIAL COMMUNITIES (AATC)

The Project's strategy is to assist the AATC to operationalise its strategic plan using the experience and technical knowledge of Swedish Association of Local Authorities and Regions (SALAR). AATC needs to improve their practices across a range of areas so that results can be seen on all levels.

The main objective of the component is to help

Contacts

leva Kalniņa, Team Leader SALAR International E-mail: ieva.kalnina@sklinternational.org.ua

THE FOCUS AREAS OF THE PROJECT:

- 1. Fiscal decentralisation
- 2. Decentralisation in the field of education
- 3. Support to the Ukrainian Association of Amalgamated Territorial Communities
- 4. Support to Parliamentary Committees
- 5. United for Ukraine initiative

AATC reach its long-term objectives. These are as follows:

- AATC strengthens its legitimacy and membership base to achieve the legal requirements set for the LGAs in Ukrainian legislation
- AATC introduces and implements sound institutional and organisational changes in order to perform effectively, democratically and gender-responsively
- Local government members clearly benefit from AATC services, in sound, transparent and accountable ways
- AATC undertakes proactive and evidence based lobbying and advocacy towards central level institutions, in line with the members interests

4. SUPPORT OF PARLIAMENTARY COMMITTEES

The objective of the support is for the Parliamentary Committees to better practice their representative, legislative, and oversight functions in relation to implementation of the decentralisation reform.

The Project aims to provide inputs to legal drafting process through exposure to European best practices (in particular Swedish and Nordic) in the form of case studies, analytical papers and reports

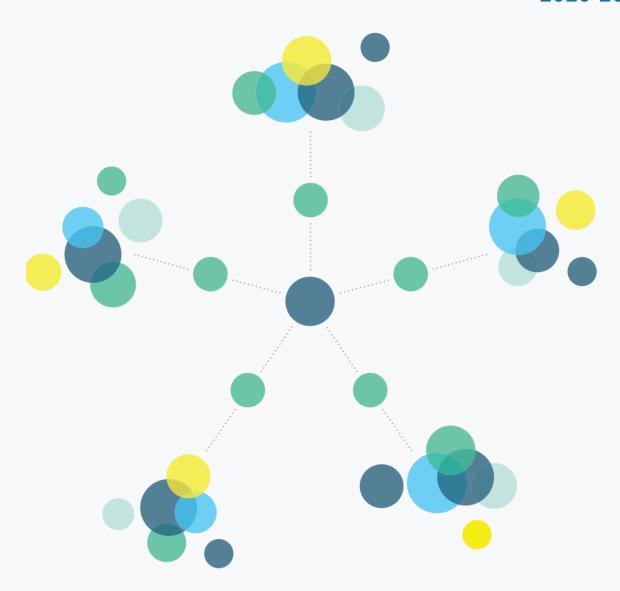

5. UNITED FOR UKRAINE INITIATIVE

TThis is a campaign with the goal to help to establish long-standing partnerships between Ukrainian communities and peer-communities abroad. Early on after the Russian invasion it became clear that municipalities that previously had partner communities/cities in European countries were able to benefit from significant direct support. Meanwhile, among the smaller and especially newly formed hromadas – such as the members of AATC –only few have these kind of partnerships. At the same time, many cities/municipalities outside of Ukraine expressed a willingness to do more to help the country
